

## BUSINESS MOUNTAIN

By Laurie Ortiz

The Bible makes it clear that there is an anti-Christ spirit in the world. This spirit has found its way into many areas, including the sphere of business. One of its agendas is to destabilize the global economy so that governments will collapse, making way for the “New World Order,” or “The Great Reset”—the World Economic Forum’s foremost agenda.<sup>(1)</sup>

Recent events were used to propel the “Reset.” With the release of Covid-19 by the Communist Chinese Party,<sup>(2)</sup> we saw governments shut down small businesses, while big box stores remained open. Then riots orchestrated by the BLM Organization<sup>(3)</sup> led to burning and looting of businesses across America. The result: people’s livelihoods were taken away, our labor force crushed, and our thriving economy is in a recession.

The spirit of lawlessness has also added to the problem. Prisoners were released from jail to “slow the spread” of Covid, bail reform enacted by George Soros funded DA’s<sup>(4)</sup> keeps criminals out of jail, and activists cry, “Defund the Police!”

Businesses, crippled by “wokeness,” are now having to bow to Diversity, Equity and Inclusion training for fear of being “canceled.” By shutting down the Keystone and other pipelines, our energy is being depleted and our precious oil reserves are being given to China.<sup>(5)</sup> Covid mandates, regulations, and inflation have crippled our trucking<sup>(6)</sup> & railroad industry,<sup>(7)</sup> hurting our supply chain. Inflation is rising, stocks are falling, and businesses of every kind are shutting down. Business is under attack. The true nature of our enemy is in full display as Satan comes to “kill, steal, and destroy.” John 10:10

Yet there are things that we can do: be wise, build a pantry, shop local, and steward your money well.

Here is a short list of corporations who have come out as anti-American, anti-1st & 2nd amendments, anti-Semitic, anti-life, and progressive. If you’re one to boycott, consider: Apple, Bank of America, Disney, Google, Facebook, Levi Strauss, JP Morgan Chase, Netflix (normalizing pedophilia), NBA, NFL, NIKE, Twitter. Dick’s Sporting Goods pays travel expenses to employees seeking an abortion<sup>(8)</sup>. There are many more to name, which will be provided in the near future.

## UPCOMING EVENT >>>

One of the most important ways to engage is to exercise your right to vote. Mark your calendar for **Sunday, September 25**. After service, in The Link, we will host a Meet ‘n Greet and an informative **Q&A** with some candidates running for office. More details to follow. Bring a friend and register to vote!

**Welcome to the first edition of “Did You Know?”** This monthly newsletter is to help keep you abreast of the goings-on of our rapidly changing world. *Did you know* we are in the midst of The Great Reset? There are actually two Great Resets going on. There is the reset led by demonically led (1 Tim. 4:1) globalists, billionaires and world governmental leaders who claim that the world is spiraling into destruction and that they are the only people smart enough to save it. The truth is, most of our issues are manufactured by them to force us and the world to go along with their wicked schemes—leading to our loss of personal freedom, our property, savings and free thought. The other Great Reset is God’s Great Awakening, wherein He uses the evil of this world to usher in the greatest revival this world has ever known, through us, the Church.

Of particular concern are The Seven Mountains, the seven spheres of societal influence. These mountains are: Arts and Entertainment, Business, Education, Family, Government, Media, and Religion. To truly transform nations with the gospel, these mountains must be reached. Satan, realizing this, has taken over each of these. We must fight for them back.

We are offering information because, thus far, our democracy still exists. It makes a difference when we write, call, email, show up at demonstrations. It works because the politicians need us! We elect them, pay their salaries and give to their election funds. So read this newsletter, do your own research with the links provided, roll up your

sleeves and get engaged! Talk to others and encourage them to get educated as well.

God is **not** finished with America! He needs us free to set the rest of the world free. (*Did you know* that these countries have lost their freedoms: Canada, Australia, Italy, Israel to name a few?) MOST IMPORTANTLY, PRAY! Join with like-minded Christians and patriots. Pray, decree and declare for America. Become aware of the enemy’s ploys. When we pray, we shift heavenly realms.

“Be of sober spirit, *be on the alert*. Your adversary, the devil, prowls around like a roaring lion, seeking someone to devour.” (emphasis added) 1 Peter 5:8

“With all prayer and petition pray at all times in the Spirit, and with this in view, *be on the alert* with all perseverance and petition for all the saints.” (emphasis added) Eph. 6:18

“Therefore, put on the whole armor of God, so that when the day of evil comes, you may be able to stand your ground, and after having done everything, to stand.” Eph. 6:13

We are in this war for the sake of our children and grandchildren, with God on our side. And pray for the Issachar anointing, 1 Chron. 12:32, the anointing God gave to the men of Issachar to understand the times and seasons that they were in.

## MEDIA MOUNTAIN

By Barbara Sieber

Did you know, **six** corporations control 90% of America’s media outlets?<sup>(1)</sup> But it *seems* as if we have so many choices. They’re called “Big Tech.” They control what we read, watch, listen to - aka the mainstream media. And they really do all spout the same narrative.<sup>(2)</sup> This includes ABC, CBS, CNN, MSNBC, NBC, PBS affiliates, and Facebook to name a few. Below are some creditable sources where you can find truth in the news. Next month we’ll add to the list:

## RELIGION MOUNTAIN By Laurie Ortiz

"The Church is described in the Greek language as Ekklesia. Translated, this means "governing body," which suggests that the church should have great influence in all other spheres of society. The church's responsibility is to reach the lost with the love and Gospel of Jesus Christ and expand the Kingdom." Apostle Israel Onorobe of World Vision Crusade Outreach Ministry says, "Our spirituality must influence this mountain, to shape the mindset of humanity through a righteous judgement of peace, because we are called by God to be a spiritual government over all the mountains."<sup>(1)</sup> See Psalms 76:2; 113:13-14; 10:1-2; Micah 4:1-2.

With the rise of progressive ideology (Marxism) in the west, Christianity is under attack and the notion of God is being rejected more than ever. The Pew Research Center reports that 63% of Americans identify as Christian (down from 75% ), while Atheists, Agnostics, and those unaffiliated have doubled.<sup>(2)</sup> Paganism is also up.<sup>(3)</sup> We believe the church must revive its previously strong influence on culture even though those who uphold traditional Judeo-Christian values and a Biblical worldview are being deemed as racists, misogynists, homo/transphobes, Nazis, fascists, etc.

Examples of this mischaracterization: Sophia Nelson, author and professor at Christopher Newport University, wrote a private tweet which became public. The tweet questioned DC Comics for making Superman's son bi-sexual—and as a Christian, she didn't want her son exposed to this. She was labeled as homophobic and fired.<sup>(4)</sup> In New York, Governor Hochul is having Crisis Pregnancy Centers investigated for "misinformation" and has denied them funding for security,<sup>(5)</sup> while Attorney General Letitia James called on Google to censor all information from CPC's, labeling them "fake and dangerous."<sup>(6)</sup> And Coach Joe Kennedy of Washington State was fired for praying after football games. Thankfully he won his Supreme Court case and was awarded his right to pray.<sup>(7)</sup>

Next month we'll look at the Government Mountain to inform you how our religious liberties are being erased. In the meantime, we can begin to regain our influence over this mountain through prayer and by keeping God centered in all we do to bring glory to His name—and to expand His Kingdom on earth.

## EDUCATION MOUNTAIN By Candy Giles

If you've heard phrases like white privilege, cultural racism, racial equity, and systemic racism, you're hearing Critical Race Theory. CRT has come under scrutiny and criticism, especially in public schools. The name may have changed, i.e., Behavior Adaptions, D.E.I. - Diversity, Equity & Inclusion, Mental Health, S.E.L - Social Emotional Learning, but the goal is the same<sup>(1)</sup>.

We are not denying that there is ugly racism in the United States. Our history of slavery, Jim Crow, lynchings, red-lining, etc., are despicable. And we strive to do better. The CRT "solution," however, is intentionally divisive. It's actually a form of racism. As Christians we believe "there is neither Jew nor Greek, slave nor free, no male and female, for we are all one in Christ Jesus." Gal. 3:28.

*"Critical Race Theory is a worldview rooted in Marxism...it separates individuals...based on race and pits them against one another in order to overthrow societies, with race as an excuse for revolution" - ifapray.org.*

The above quote sounds like it's not possible in the US. Actually, it's been planned for years, according to the book Color, Communism, and Common Sense by Manning Johnson & Archibald R. Roosevelt. A black man, Johnson, was in the Communist party when he realized they were deliberately causing racial tension and creating a victim mentality.

Starting in Germany<sup>(2)</sup>, those escaping the Third Reich brought Critical Theory to the US in 1935. Since the Civil Rights movement it evolved into Critical Race Theory,<sup>(3)</sup> first in the colleges and then our schools.

Here are books to watch out for in your child's school:

Not My Idea: A Book about Whiteness by Anastasia Higginbotham  
*In elementary classrooms*

The 1619 Project by Nicole Hannah Jones  
*Re-writing history, that slavery is America's true foundation.*<sup>(4)</sup>

*There is neither Jew nor Greek,  
slave nor free, no male and female  
for we are all one in Christ Jesus*

Black Lives Matter at School  
by Black Lives Matter  
*A curriculum with "national uprising events,  
queer organizing, Transgender Day."*<sup>(5)</sup>

White Fragility by Robin Diangelo

Three books by Ibram X. Kendi:  
How to be Anti-Racist; Anti-Racist Baby; Stamped (in E. Irondequoit)

Other suggested reading: Black Eye for America: How Critical Race Theory is Burning Down the House, by Christopher Schorr & Carol Swain; and books by Bob Woodson, who co-created the 1776 project to counter the 1619 Project. His recent book is Red, White, and Black: Rescuing American History from Revisionists and Race Hustlers. More articles on Critical Race Theory can be found at ifapray.org.

## ARTS & ENTERTAINMENT MOUNTAIN By Candy Giles

Seems like there's a lot of "agendas" these days. Some bent on changing the norms, calling good evil and evil good, dismissing who isn't following course...even Disney seems to have an agenda. In their Corporate Social Responsibility report,<sup>(1)</sup> Disney's "aim is to inspire a better world through the power of stories...by embracing diversity, equity and other offerings..." What exactly does that mean?

Try doing a basic search online regarding Disney's subliminal messaging. From hidden sexual images<sup>(2)</sup>, Satanic symbols<sup>(3)</sup>, to embracing the transgender/self-identity movement,<sup>(4)</sup> it's hard to dismiss.

Consider what Disney promotes:

### PRO-LGBTQIA+

Disney opposed Florida's Parental Rights in Education bill (prohibiting the teaching of sexual orientation, gender ideology & sexuality in grades K-3), dubbing it the "Don't Say Gay" bill.<sup>(5)</sup> And in response to that law, it's reported that Pixar reinstated a lesbian kiss in the film "Lightyear" to comment about LGBT representation. Because of the kiss, the movie was banned<sup>(6)</sup> in 14 countries. This lesbian is also pregnant. How is "Alisha" pregnant married to a woman? Disney's statement, "We champion perspectives across dimensions of identity. The nuanced and intersectional portrayal of underrepresented communities can change the way communities are seen."<sup>(1)</sup>

Disney exec Karey Burke says that the company wants half its characters to be LGBTQIA, minorities by the end of the year.<sup>(7)</sup>

Disney parks dropped "boys and girls, ladies and gentlemen" greetings<sup>(8)</sup> to be inclusive, and changed "fairy godmother" in order to be neutral.<sup>(9)</sup>

### DISPLAYS OF MAGIC

Snow White – The Queen casts a spell  
The Princess Frog – Has Voodoo magic  
Aladdin – Jafar the sorcerer  
Sleeping Beauty – A curse is on Aurora

### DARK, SCARY VILLIANS

Maleficent – Sleeping Beauty  
Scar – The Lion King  
Ursula – The Little Mermaid  
Chernabog – Fantasia

### DEATH

Bambi's mom – Bambi  
Mufasa – Lion King  
Grandma Tala – Moana  
Ellie – Up

### REBELLION

Ariel – The Little Mermaid  
Meilin – Turning Red

May our agenda be guarding the hearts and minds of our children, to "Train up a child in the way they should go..." Proverbs 22:6.

When Covid-19 hit, fear of the unknown paralyzed the world and an Emergency Use Only vaccine<sup>(1)</sup> was developed. Now after 2+ years, we know much more about Covid-19 and specifically, this vaccine. If you have not yet received the shot, wait! Protocols are available. Covid-19 is preventable and curable.<sup>(2)</sup> Do your research, as board certified doctors are raising strenuous objections to the shot.

This is not a traditional virus-based shot like the MMR given to kids. This mRNA based shot changes **every** cell structure in your body, affecting your immune system against cancers and the like.<sup>(3)</sup> Dr. Robert Malone, co-inventor of the mRNA technology also warns *against* the shot. Watch his interview with Joe Rogan on Rumble.com or read the transcript online, "The Joe Rogan Experience #1757".

While those vaccinated *may* have milder symptoms or have Covid-19 for a shorter duration, they may also be susceptible to infections, blood clots, or other injuries.<sup>(4,5)</sup> If you were one of the 78% who has received the vaccine, there are ways that you can reverse some of the effects and help your overall health.<sup>(6)</sup> Dr. Joseph Mercola's Censored Library on Mercola.com is just one great resource.

Regarding our children, for those in college, inquire about a Religious Exemption.<sup>(7)</sup> According to Dr. Malone, these shots for infants, toddlers and young children are NOT appropriate.<sup>(8)</sup> God has created us as amazing beings. Allow your children to develop their own natural immunities—which has been repeatedly proven to be 97% more effective against Covid-19.

School-age children do not need to receive the shot either. Again, they are not prone to contracting Covid-19. In fact, the flu is harder on kids than Covid-19<sup>(9)</sup>. The risk of blood clots, myocarditis (especially in young males) and sometimes death<sup>(10)</sup> is just too great.

Resources regarding the vaccine, how to treat/prevent Covid-19 and how to minimize vaccine injury are: Americasfrontlinedoctors.org and their videos on Rumble.com; treatment protocols are found at Covid19criticalcare.com; Childrenshealthdefense.org is for all things children; and there are videos on Rumble.com by Doctors. Zelenko, Simone Gold and McCullough. Do your research so that you are informed. *Note, because Google does censor information<sup>(11)</sup>, we suggest you use search browsers such as Brave.com or Yandex.com.*
