RIGHT IN OUR OWN BACKYARD...

By A Bethel Grandparent

Remember the carefree days of childhood when you enjoyed school because your friends were there and no one thought about the opposite sex because they had “cooties!”. Back then, teachers would actually have competitions between boys and girls in subjects like Math and Spelling. How things have changed!

I have a grandchild who attends East Irondequoit schools. The elementary schools were fairly proficient at teaching basics, except for the left-leaning political influence. At the end of fifth grade, my grandchild’s class visited the Middle School for orientation. They were met with a “Pride” flag—flying “proudly” because June is “Pride Month.” It wasn’t pride in

the school’s sports teams or academic achievements by the students; no, it was their pride in what some consider the new moral norm.

At the start of sixth grade, parents received a letter about the subjects that would be taught and what was expected of the students. Sex education would be taught in the eighth grade, and parents were free to ask questions. However, under the guise of “reproductive health,” a teacher spoke on the subject using very explicit names when talking about the reproductive organs—even suggesting that at puberty, boys like to touch themselves. The students were overcome with giggles, which resulted in a harsh reprimand by the teacher. This teacher also implied that “all people go through puberty changes, except transgender kids,” which made no sense to my grandchild.

During the first week of school, students were asked to state their “preferred” pronouns, and the teacher checked if the parents were comfortable with the chosen labels. This “preferred” name was what the teacher and classmates were expected to use when referring to or speaking to the student. Using the name someone is given at birth is called “dead-naming,” and it’s NOT okay. There was an incident where students purposely began calling a girl by her birth name—which they had always used before she identified as a boy. As preteen boys tend to do, they continued despite her yelling for them to stop—causing her to cry. My grandchild’s reaction was, “If you really are a boy, you wouldn’t cry because boys don’t cry about their names being wrong.” The teacher proceeded to scold, shame the class, threaten them with a supposed “law” that could land them in jail for misgendering the student, and then told the students to apologize to the girl/boy.

At the Middle School in East Irondequoit, there is a Fearless Club for students who identify as LGBTQ, led by three adult advisors: a male teacher who is gay and two females with undisclosed identities. This club has the ‘honor’ of raising the “Pride” flag during the month of June for the entire school. During that month, the principal, staff, and teachers wear Pride buttons, rainbow clothing, and LGBTQ stickers. On every classroom door and on the classroom’s Smart Screen there is a picture of an LGBTQ person with a list of their contributions to society.

As parents and grandparents, it seems as if we’ve given away our responsibility to instruct our children. Morality should be taught at home. Proverbs 22:6 says, “Train a child in the way he should go, and when he is old, he will not depart from it.” And lest we forget, “God created man in his own image...male and female He created them.” Genesis 1:27

It’s essential for us to engage. Consider attending your school board meetings, get involved in the schools and/or with the students, and pray for your district.

THE DAMAGE ONE ORGANIZATION CAN DO

By Barbara Sieber

From 2020 - 2023, we saw a global propaganda campaign the likes of which the world has never seen. It was rolled out with remarkable coordination using the press, social media, and governments. This orchestrated effort involved the extensive deployment of financial resources with strategic engagement of influential figures.⁽¹⁾ Dr. Robert Malone, the pioneer behind mRNA vaccine technology,⁽²⁾ has a colleague who has ties to a former director of the CIA. In talking, "Who is behind these global maneuvers?", the former CIA director concluded it was the CIA. His assessment is that the CIA is currently "the most powerful organization in the world, if not in human history."⁽¹⁾

The CIA has aligned themselves with the UK, Canada, New Zealand, and Australia to create the world's most unified, unilateral intelligence-sharing alliance called The Five Eyes Alliance. It's at the center of everything.⁽³⁾

In pursuit of bioweapons research, the CIA and the Five Eyes Alliance—through DARPA (Defense Advanced Research Products) funded Moderna which created the Covid-19 shot. The largely autonomous venture capital arm of the CIA, In-Q-Tel, has so much cash, they don't even need a government budget. So the CIA is largely increasingly autonomous from the federal budget and independent from congressional oversight—making it an incredibly independent and powerful Deep State organization.⁽²⁾

Their activities are managed by the Senior Executive Service: 7,000+ permanent, bureaucratic, federal employees running the government—immune from being fired. Members say that elected politicians are "temporary government employees," therefore easily disregarded.⁽³⁾

We now see a fascist fusion of the bureaucracy, social media, and the intelligence community—evidenced by the Facebook/ Twitter censorship and the direct involvement of the Dept. of Homeland Security (DOHS), FBI, and CIA.⁽²⁾

The end goal? Depopulation, power, and money for the Elite. Former Secretary of State Henry Kissinger's dream.⁽⁵⁾

FEAR NOT. PREPARE & PRAY

By Candy Giles

Many Christian prophets have been warning of tumultuous times ahead, the need to prepare spiritually, and to have extra supplies such as food and water. But every warning comes with an admonition to walk in faith—do not fear.

Tim Sheets has been talking for several months about a "Great Shaking" being imminent. He doesn't know if it's governmental, financial, war, etc., but it will be major.

On July 16, 2023, he said, "Don't get shook...you're part of a Kingdom that can't be shaken. Be strong and confident in who your God is and the guarantee of His promise."

TWO + TWO = FIVE? 🤔 By Laurie Ortiz

The definition of circumstantial evidence is - "indirect evidence that does not, on its face, prove a fact in issue, but gives rise to a logical inference that the fact exists."⁽¹⁾ In short, connect the dots. ...you'll see the picture. Let's connect some dots around Maui.

Lahaina, Maui, the capital of the Hawaiian Kingdom for 25 years, became home to the first missionaries to visit the islands; was a main port for the North Pacific Whaling Fleet; and in 1962 was designated a National Historic Landmark.⁽²⁾ For decades developers moved in, buying up land. Natives, fighting to reclaim their ancestral lands, weren't willing to sell.⁽³⁾ In December 2012, the "Maui Island Plan" was adopted, providing environmental decisions for future urbanization and revitalization through 2030.⁽⁴⁾ Upon taking office in 2023, Mayor Richard Bissone contracted with Johnson Controls (noted for Open Blue Net Zero Buildings), for a project to reduce their carbon footprint.⁽⁵⁾

January 6, 2023, a "Smart City Workshop" was held in Hawaii, focusing on building "sustainable, equitable, and smart" cities.⁽⁶⁾

July 12, 2023, Gov. Josh Green presented a sustainability update to the U.N.⁽⁷⁾ Following the U.N. visit, on July 17, 2023, Gov. Green signed an Executive Order suspending a law that bans rebuilding on Historic Preservation Land if rebuilding is needed due to a natural disaster, effective through September 15, 2023.⁽⁸⁾

Three weeks after Gov. Green signed the E.O., on August 8, fire mysteriously broke out in Lahaina, Maui (cause "unknown").

Here's an account by many survivors:

All power suddenly went down (cell phone, 911, internet, GPS)

Evacuation sirens were not activated. *Herman Andaya, Head of the Emergency Management Agency, explains, "...we were afraid people would have gone...into the fire."*⁽¹⁰⁾

Officers blocked the main roads, sending evacuees back ("just following orders.") Only the disobedient survived!⁽¹¹⁾

Water Management Official, M. Kaleo Manuel, refused to release water to the pumps. *An Obama Foundation Pacific Island Leader and climate activist, he believes water should be "revered" not used!*⁽¹²⁾

FORGOTTEN By Candy Giles

- Five months in solitary confinement, in a cell the size of a closet
- Lights on 24/7, no sheets, blankets, clothing, and a plastic bucket for a toilet
- Two and a half years without a trial

Is this in China? Russia? North Korea?

Sadly, it is in the United States of America. Ryan Samsel was at the U.S. Capitol on January 6, 2021. He's accused of assaulting a police officer, (a serious crime) if he is ever tried and found guilty. ("Innocent until proven guilty" is being ignored.) In the meantime, it sounds more like torture than imprisonment. He has been moved to 17 different facilities and says he has been "beaten, abused, and neglected."⁽¹⁾

Close to 1,000 other J6ers (January 6) have been arrested and hundreds are still in jail being held in terrible conditions for "crimes" less serious than Ryan's—in a country that guarantees a speedy trial and punishment that fits the crime.

(If only they were in New York City where "cashless bail" lets violent criminals out immediately, or illegal immigrants are fed and housed with our taxes.)

Democrats and Republicans have both spoken out against the solitary confinement and other mistreatment.

The most famous prisoner, the "Shaman," (Jacob Chansley) was finally freed after Tucker Carlson aired a video showing the police *guiding* him through the Capitol.

On January 6, many (who are now prisoners) were welcomed past the barricades by police, assuming they were allowed to enter the capitol. Only one man, Mathew Martin, has been acquitted by a judge who believed this defense was valid.⁽²⁾

To keep their spirits up, the three dozen-plus J6 prisoners in the Washington, DC jail sing the Star Spangled Banner each night at 9pm.⁽³⁾

Scripture has many verses about the treatment of prisoners. God knows there's much injustice that occurs! Isaiah 58:6 says, "No, this is the kind of fasting I want: Free those who are wrongly imprisoned...Let the oppressed go free, and remove the chains that bind people." When you think of it, pray for the J6ers.

FEAR NOT. PREPARE & PRAY

(cont' from pg. 3)

Prophetess Jane Hamon (Vision Church @ Christian International, Santa Rosa Beach, Florida) had a dream of anarchy in the streets of America. The rioters seemed more demon than human. But riot police (the Church) showed up. And the Lord said "your enemy... has terror in their hearts...did I not say I would cause evil and corruption to be uncovered...that there would be days of chaos and confusion...**did you think it would be easy?**... the greatest victories come after the greatest battles...I am not defeated."⁽¹⁾

Gene Bailey on Flashpoint August 10, 2023 said, "As we go through these days of turmoil and violence and uncertainty...know where we are rooted...are we rooted and grounded in the Word?"

The Bible says there will be signs and shakings in the heavens. (Hebrews 12:27, Matthew 24:29). Pastor/Prophet Jesse Duplantis said stones will fall from the sky. Other prophets say there will be loud noises. The kingdoms of light and darkness are clashing.

Let's not be part of the "sleeping church." Evil is rampant. We fight with the whole armor of God (Ephesians 6). And wisdom would say to prepare our households materially, but do it without fear!

TWO + TWO = FIVE? 🤔

(cont' from pg. 3)

Along with residents, 10 firefighters died.

No Coast Guard/helicopter water rescues were initiated—for hours. *Consequently, 1,000+ bodies were found in the water.*⁽¹³⁾

Reportedly, approximately 850 children are missing, yet 2,000 haven't re-enrolled in school, and there are no reports of parents frantically searching, yet the media continues to report only 115 died!⁽¹⁴⁾

There are more questions than answers. Things don't add up! Was this a natural disaster, or a wickedly devised plan? Interestingly, in three weeks, on Sept. 25, 2023, a "Digital Government Summit" will be hosted in Honolulu.⁽⁹⁾

Proverbs 6:18 reads, the Lord hates "...a heart that devises wicked plans." Jeremiah 17:9 says "the heart is deceitful above all things, and desperately wicked; who can know it?"
