HIT THE BREAKS ON GREEN ENERGY!

GOVERNMENT By Barbara Sieber

Slowdown! Here are some points to ponder...

The electrical grid cannot handle the coming increase of electric cars, heating, cooling, and other electric technology which are projected to increase power consumption by a whopping 40% by 2050. Expect blackouts! There is no backup system! If just one electrical source fails, all do. (Think domino effect.)

All-electric homes have greater carbon footprints. Gas-run homes have 1/3 fewer greenhouse emissions.

Clean energy sources: electricity, solar, wind, hydropower—depend on weather patterns cooperating. (Good luck with that here in Rochester!)

Disposal of batteries and solar panels are environmentally damaging. The toxic metals pose a public health risk to the water supply.

Electric systems are wasteful. Over 60% of energy used for electric generation is lost in conversion. Another 8-15% is lost to inefficiencies during transmission and distribution.⁽¹⁾

And this list is incomplete. For electric vehicles there is:

- \$18,000 in added purchase cost vs gas cars.⁽²⁾
- Insufficient amount of charging stations available.
- Windy conditions, uphill travel, and cold weather all create range reduction (I repeat. Rochester.)⁽³⁾
- Using the radio, heater, phone charger decrease mileage as well.⁽²⁾
- The high cost to replace the battery (\$2,500 - \$20k) yields low resale prices.⁽⁴⁾
- EVs (electric vehicles) cannot be towed, only pushed. The bottom is plastic with nothing to hook on to. And batteries are HEAVY!⁽⁵⁾

Again, an incomplete list.

Did you hear about the EV that died in front of the W. Virginia coal mine pushed out by sympathetic miners...?⁽⁴⁾ How about the EV car that took 15 hours to go 178 miles?

To quote John Brodigan, “Something something, green. Something something, climate. Something something, we’re all in it together”.

A HIDDEN AGENDA?

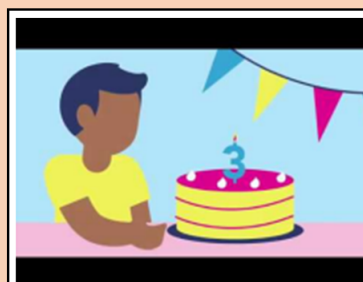

FAMILY By Laurie Ortiz

“The most merciful thing that the large family does to one of its infant members is kill it.”⁽¹⁾

“Birth control appeals to the advanced radical because it is calculated to undermine the authority of the Christian church. I look forward to seeing humanity freed someday of the tyranny of Christianity no less than Capitalism.”⁽²⁾

Who would say such things? None other than radical socialist, Margaret Sanger. The founder of Planned Parenthood (PP) and leading advocate of the eugenics movement in the 20th century, Margaret developed a warped view of family and Christianity early in life with the death of her mother. Having worked as a nurse in the Greenwich Village area of New York, Margaret became obsessed with the belief that people who were of lower class, uneducated, or mentally disabled should be sterilized. Her true eugenic objective: the extermination of the subset of the black population that she considered “degenerate.”⁽³⁾

Fast forward to 2009. Bill Gates holds a meeting with Warren Buffet, George Soros, Ted Turner, David Rockefeller Jr., to determine the greatest threat to the planet. The conclusion: overpopulation! In 2010 Bill said in a Ted Talk, “If we do a really great job on new vaccines, health care, reproductive health services, we could lower [population] by perhaps ten or fifteen percent.”⁽⁴⁾ The Gates Foundation, one of the largest donors to PP,⁽⁵⁾ along with Warren Buffet, has given \$374,000,000.00 over the last 4 years.⁽⁶⁾

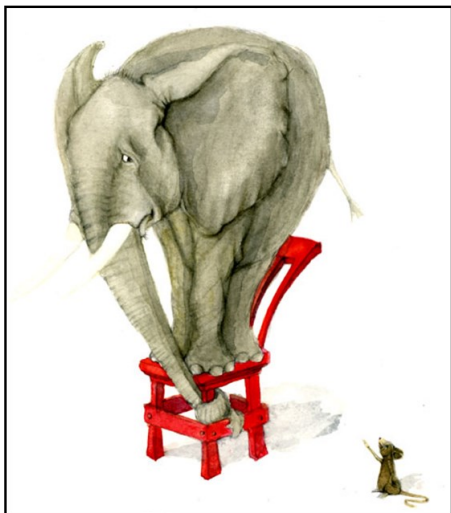

**How do I know if my
child is transgender?**

Planned Parenthood.org

Further research sheds light on the connection between Bill Gates and Margaret Sanger. Bill’s father, Bill Gates Sr., was a director of PP.⁽⁷⁾ And now PP is offering a *wider* range of services to include sterilization, Gender Affirming Hormone Therapy,⁽⁸⁾ and transgender guidance for parents of children starting at preschool level.⁽⁹⁾ An agenda? Yes! Depopulation.

FEAR IS CONTAGIOUS & USED TO CONTROL US GOVERNMENT

By Linda Muhs

How do you get a worldwide population to voluntarily surrender their freedoms, in the interest of so called “public safety”? Well, you use a trick that is older than time, called FEAR. You create a crisis, and then use mainstream media to publicize false data, in order to terrorize them. Then, you tell them that, if they comply with your so called “safety measures,” they will be protected; but, if not, people may die. It is all based on the use of FEAR.

That has now been admitted by members of the Scientific Pandemic Influenza Group on Behavior, (SPI-B) in the UK. They should know, because they advocated for it, and now say it was a regrettable mistake. As reported by The Telegraph, May 14, 2021:

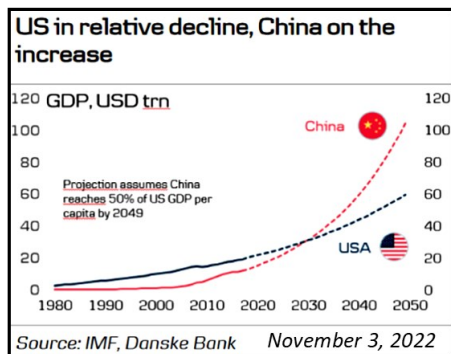

Scientists on a committee that encouraged the use of fear to control people’s behavior during the COVID pandemic, have admitted its work was ‘unethical and “totalitarian.’ Members of the SPI-B expressed regret about these tactics in a new book about the role of psychology in the Government’s COVID-19 response.⁽¹⁾

Charles Eisenstein, the author of “The Coronation,” argues that governments around the world were able to exploit the need to fit in and feel safe during the pandemic.

“Human beings are exquisitely attuned to reading the mood of the mob. It’s a survival mechanism. In order to fit in, we instinctively adopt the correct opinions and profess those opinions, we signal the appropriate virtues, we respect the appropriate taboos that mark us as part of the in-group and not part of the sacrificial subclass,” Eisenstein said. “This is an ancient, powerful, psychological disposition that fascists and totalitarians exploit in order to control society.” ⁽²⁾

As Christians, we know that Fear is one of Satan’s most powerful tools in manipulating people. So, we must fight fear (lies) with Truth! We must arm ourselves with Truth and not agree with lies. We must search it out and then stand confidently in it, knowing that it is the only thing that can set us free, and keep us free!!

DID YOU THINK WE WERE AT WAR? GOVERNMENT By Candy Giles

“China is at war with us. They have been quietly working behind the scenes to sabotage us. This self-declared NONMILITARY war was launched 20 years ago in an effort to dominate the globe and bring down America...to slowly and covertly disintegrate our culture and nation...they want to dominate and occupy us.”⁽¹⁾ *This of course refers to the Chinese Communist Party (CCP) and not the Chinese people who are also victims in their own country of religious persecution, censorship, surveillance, and the “social credit” system.*

Some examples of CCP activity include infiltrating our educational system, buying US farmland (often near military bases),⁽²⁾ stealing intellectual property, sending fentanyl across our border,⁽³⁾ establishing police stations in NYC,⁽⁴⁾ and spying on and perverting our culture through TicToc.⁽⁵⁾

A very disturbing recent attack on Americans was discovered by Catherine Englebert and Greg Philips of True the Vote (producers of the movie, 2000 Mules), which revealed how much sensitive data is being run on CCP networks. True the Vote discovered a huge file with names and much personal information of American election workers which is now available to the CCP.

They found this leaked information came from software called PollChief marketed as an “election worker management software solution,” and used in many US municipalities. PollChief is made by Konnech, Inc. in Michigan. Its founder/president is Eugene Yu. It touches volunteers, inspection records, transportation of goods, call centers, and manages overseas voter data, ballot tracking, etc. It is also used for military voting abroad. And Konnech operates in China as a CCP election company! Yu has referred to a former CCP President and Secretary General as “comrade!” Many of the engineers for PollChief operate out of China. Yu said his first allegiance is “political tasks” before business success.

True the Vote turned over these findings to the FBI who proceeded to investigate True the Vote! So True the Vote went public with their information, and Eugene Yu sued for defamation of character. On October 4, 2022, Yu was arrested for theft of personal data. The investigation is ongoing. Yet on October 31, Catherine Englebert and Greg Phillips were taken into custody for refusing to reveal their confidential source of information about Eugene Yu and Konnech. They were released after almost a week and continue to work to expose CCP interference.⁽⁶⁾ So yes, we are at war.

“SO HOW DO WE PRAY?” RELIGION

By Laura Woods

One of the most important perspectives needed when observing the problems of the world around us, is the greatness of our God. Things appear overwhelming and threatening, but they are not too big or complex for Him.

We, who have received new life in Christ, have been given great authority in prayer and have an open invitation to speak with our Heavenly Father at any time.

Communication with God, Who made heaven and earth, is not only a privilege, it is essential to our assignment on earth. Our prayers, filled with faith, directed by Holy Spirit and the Word of God, open the way for heaven’s angel armies to enforce the will of God.

1. Begin with thankfulness to the Lord! As you thank the Lord for Who He is and all He is doing, you ascend to your position, next to Him, above the battle and your enemies. Ephesians 1:15-2:10

Pour out your gratitude for His daily goodness to you. Rejoice that He already has the plans worked out and the victory secured, for the requests you bring. God never plays “catch up,” He’s always ahead of every scheme of darkness.

2. Remember who you are fighting against. You are at war with spiritual wickedness, not humans. Ephesians 6:12
Remember the powerful weapons you have been given. You use God’s mighty weapons, not worldly weapons. II Corinthians 10:4-5
3. As you evaluate the situation you are bringing to God, ask Holy Spirit to lead you to Scripture where God’s people were faced with an impossible and overwhelming challenge. Go to that passage and read it out loud. Ask God for a similar breakthrough and victory, and expect it.

Envision the complete turn-around of the situation and thank the Lord for His triumphant answer to your prayer! Hebrews 11:1, 6

RESISTANCE IS NOT FUTILE!

By Barbara Sieber

Here are some practical steps to gain back the freedoms we used to have pre “Great Reset.” We must unchain ourselves from the systems that seemingly make life easy but actually entrap us into evil global systems.

KEEP CASH ALIVE. The government and global banks can’t track cash. They literally know where you are, how much you spent and on what with credit cards. With cash or check you can support your local economy, save transaction fees and give businesses more control over profits.

BUY LOCAL. Support family run stores and farmers. Keeping your money *here* is great for our local economy.

DITCH MAINSTREAM MEDIA. They create headlines that are misleading. Unsubscribe. Delete apps. Avoid clickbait. Beware of PBS with its liberal agenda for kids.

DITCH AMAZON, PAYPAL, FACEBOOK, YOUTUBE, SAFARI, GOOGLE, GOOGLE MAPS. Do not feed the beast! When we support them, the money they earn from their advertisers is the money they use to sicken and enslave us.

SUPPORT SMALL BANKS. Bank of America and Citibank have shut off funds for conservatives, even canceling their accounts.⁽¹⁾ Community banks are independent and offer better service. Credit unions also offer higher interest on savings. Their profit goes into YOUR pocket, not into globalist schemes.

FLY A FLAG, an American flag from our country’s past: a DON’T TREAD ON ME flag, BACK THE BLUE flag or an EVERGREEN FLAG. (Go online if you are unsure what is being referred to here). ALL of these flags label us as people protesting the status quo.

These ideas come from the Global Walkout Campaign which promotes a unified pushback against the globalist agenda. “We already have the power. There are already enough of us. We just need to act in unison. One step at a time, we will gradually strive to disconnect from the Globalist Agenda.”⁽²⁾

“God is our refuge and strength, a very present help in trouble. Therefore we will not fear, though the earth be removed, and though the mountains be carried into the midst of the sea; Though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof. God is in the midst of her; she shall not be moved: God shall help her, and that right early. The heathen raged, the kingdoms were moved: he uttered his voice, the earth melted. The Lord of hosts is with us; the God of Jacob is our refuge. Selah. Psalm 46:1-7
